Age Concern has donated 500 Euros to Help Age International (Age Platform Europe) of which Age UK is a member, for the express wish that it be used to help the elderly affected by the Philippines Typhoon. This arm of the Charity delivers packages specially designed for the elderly who are particularly at risk as they are less able to flee carrying their possessions or stand in line for hours waiting for aid parcels.

We have received a response from Help Age International thanking us very much for our generous donation.
