Report

The opening of the new Centre in July 2014 had been a key focus for the Age Concern Committee on Menorca. The Centre has gone from strength to strength since opening under the supervision of our Centre Manager Carol Kenyon. We are particularly pleased with the number of people finding us in our new location on the Mahon Industrial Poligono. Much of the material we sell at the shop is taken by members of our local community across a wide range of ages, nationalities and circumstances. The addition of our furniture store has been very popular.

We have a great team of volunteers who help manage the Centre. Their dedication and good spirits make the Centre a welcoming place to visit. Come and join us.

Activites

At Age Concern Menorca we have a regular range of social activities which engage our local community. Our social page reports on these and they continue to be one of the main ways of interacting with people.

Food Donations

We make regular donations to the Food Banks on the island to support families in need of the very basic necessities. Our recent donation of 700 Euros has supported families in the areas of Es Castell, Alaior and San Luis.

Toys for Children

With the help of many kind donations of toys and games we have been able to contribute these to local children's associations
